## the edge

Imagined to surpass limits. To reach the frontier of technical and aesthetic innovations and possibilities. That was the guiding principle in the development of this new surface.

A fusion of the strength of natural stones with the warmth of leather and the elegance of gold gave rise to The Edge, with its designs, reliefs, protrusions, textures, and predominant tones between black and brown.

The Edge is born to be timeless, for projects and individuals who dream of boldness. In 120x270 and 120x120 formats, use it whole or in cuts. Use it at home, for leisure, and at work.

The Edge Porcelain, the beauty of creativity and technology revealed.
